The Texas Masonry Council Announces New President

[Waco, Texas, September 14, 2019] The Texas Masonry Council (TMC) is pleased to announce Stan McCarthy of Acme Brick as the 2018/2019 President. A recognized leader in the masonry and construction industry, Stan brings over 20 years of leadership to the TMC table.

Stan started in the brick business with Acme Brick in 1985. He is a graduate of West Texas State A&M University, where he earned an undergraduate and graduate degree in Business Administration. His career with Acme Brick spans over 33 years, serving in multiple sales and management positions. He is currently the Sr. Vice President of Sales and has been involved with TMC since 2002. Stan is also actively involved with the Brick Industry Association (BIA) and National Concrete Masonry Association (NCMA). He and his wife Lissa have three daughters, two grandchildren, and reside in North Texas.

“Stan’s past leadership on the TMC board of directors has paved an excellent path for our association to grow and expand the masonry footprint in Texas,” says Lindsey Geeslin, executive director. “While maintaining our position as the premier masonry organization in Texas, Stan will take the TMC to the next level with inspiration and success.”

The 2018/2019 TMC Board of Directors are: Stan McCarthy, President, Acme Brick; Ben Wheaton, Immediate Past President, C.W. Oates Masonry; Garen Graves, Secretary/Treasurer, Jewell, an Oldcastle Company; 1st Vice President, Bruce Fowler, Texas Building Products; 2nd Vice President, Paul McCurdy, City Masonry; Rusty Hail, Acme Brick; Trey Atwood, Featherlite Building Materials; Eric Graves, Boral Concrete Products; Jim Wise, Meridian Brick and Masonry Supply; Rafael Villalta, Meridian Brick and Masonry Supply; Pete Groetzinger, Brazos Masonry, Inc.; Steve Carter, Metro Masonry.

The TMC would like to thank outgoing President, Ben Wheaton, for his leadership over the last two years. Ben has been an active member of both state and regional associations and is a true warrior for masonry and small business.

The Texas Masonry Council is comprised of masonry contractors, suppliers, architects and students working to promote the expanded use and the benefits of masonry. TMC focuses on increasing market share for the industry and creating value for its stakeholders. TMC seeks favorable state legislation in cooperation with others to achieve these ends, and through partnership with local chapters ensures that an adequate number of well-trained craftspeople and leaders are developed and maintained to support the increased market share.
